SHORT SESSION OF THE CITY COUNCIL

Petitions For Three More Squares of Modern Paving Received.

WILL BORROW $50,000.00.

ment Sidewalk to be Constructed in Front of City Jail on Princess Street.

The City Council was in session about an hour last night. The business transacted was, in the main, of a general nature. The Common Council concurred in the action of the Board of Aldermen at a recent meeting and passed the resolution providing for a loan of $50,000 to meet the current expenses of the city until the close of the fiscal year.

Board of Aldermen.

In the Board of Aldermen Mr. Ogden, of the committee on streets, presented petitions of residents of St. Asaph street from King to Duke, and Fairfax street from Wilkes to Gibbon, asking that those squares be paved with vitrified brick with granolithic sidewalks. The petitions were referred to the committee on streets, and ordinances providing for the work will be introduced shortly.

A petition from Mrs. L. Wilber Reid, chairman of the bazaar com- of the Alexandria Hospital, Council to allow the committee free use of gas while the is in session, also for the use ns stove, which would be sold enefit of the bazaar should the donate it to the committee, resented by President Marbury.

Aldermen favored granting quest so far as furnishing gas concerned, but it did not deem it prudent to furnish or donate n gas range. It was agreed by a unanimous vote, however, to furnish gas during the time the bazaar may be in progress.

Mr. Summers stated that the revised plans for the new truck house would be ready this week, and Mr. Field said the finance committee would present a report at the next meeting on the ways and means of raising the necessary amount of money to erect the new truck house and the new high school building.

Mr. Ogden presented a resolution providing for an appropriation of $300 for placing a granolithic sidewalk in front of the city jail on Princess street, between Pitt and St. Asaph. The resolution was adopted by a unanimous vote.

Common Council.

All of the members of the lower board were present except Mr. Chauncey.

The resolution authorizing the Mayor and the finance committee to negotiate loans from time to time, the total not to exceed $50,000 was taken up and passed without discussion.

Permission was granted T. A. Hinton for the building of a shed in the rear of 408-410 N. Payne street, and to Edward Green for the enlarging of a dwelling at 210 N. Payne street.

A communication was received from the committee on the Hospital Bazaar asking the city to furnish free gas for the use of the Bazaar, and also to donate a gas range to be used at the bazaar and sold after the closing of the bazaar.

This at once started a lively discussion, many members of Council seeming to feel that the donation for the hospital should be made directly to the hospital and should be of a size commensurate with the importance of the hospital and the value of its work.

The discussion continued more than half an hour. Messrs. Harrison, Smith, Birrell, Spinks and Marshall all believed the city should make a substantial contribution to the Hospital, but all felt that it should be in a definite amount not an allowance of an indefinite amount of free gas

Mr. Birrell stated that he believed the city should contribute not less than $1,000 when the time for the building of the hospital arrived, and that he felt that any small contribution made at this time would tend to make the giving of a large sum more difficult.

While this discussion was still going on a resolution came in from the Board of Aldermen granting the bazaar the use of gas without cost, but not donating a gas stove, and council finally decided to concur in the action of the Board of Aldermen.

A communication was received from the Police Commissioners asking for a conference with the committee on fire and police on the subject of installing a fire alarm and police call system, which was referred to the committee on fire and police, and at the urgent instance of Mr. Marshall the committee on finance was also included.

A letter from the Colonial Dames of Alexandria asking permission to place a memorial tablet at the northwest corner of the market building was referred to the committee on public property.

The sum of $300 was appropriated for granolithic sidewalk on the north side of Princess street between St. Asaph and Pitt street.

Petitions for improvements referred to street committee follow:

Vitrified brick on St. Asaph street between King and Prince streets; vitrified brick on St. Asaph street between Prince and Duke streets; petition for gas main and sewer on Commerce street between Prince and Duke streets, referred to light and street committees, respectively; petition of Jonah Bernheimer for shed in rear of house on South Lee near King street, referred to street committee; resolution that street committee prepare ordinance for paving with cobblestone square on Fairfax street, between Princess and Oronoco streets, referred to street committee; petition of R. E. Knight & Son, to erect third story to their store building, 623-625 King street, granted; petition for vitrified brick roadway on Fairfax street between Wilkes and Gibbon streets, referred to street committee.

Councilman Williams served notice that at the next meeting of council he would ask for a joint session for the purpose of electing a police commissioner from the Second Ward, the term of Commissioner R. E. Knight having expired.

UGLY WORDS IN COURT.

White Man is Fined $5 in Addition to $10 For Assault.

In police court this morning Justice Caton imposed a double fine on Joseph Thompson, a young white man. Thompson was arrested last night at the instance of Mary Long, a girl living on North Lee street, who charged the man with striking her three times in the face. While she was giving her testimony in court this morning Thompson interrupted her by calling her an ugly name. He was warned by the court, and when he repeated his epithet Justice Caton announced that he would send him to jail if he continued his remarks.

After hearing the evidence Thompson was fined $10 for striking the woman and $5 for disorderly conduct in the court room. During the hearing it developed that the woman had thrown beer bottles at the man. She was also fined $5.

KILLED BY TOADSTOOL.

Mushroom Expert Makes Fatal Mistake in Carolina.

Denton, Md., Oct. 15.—After carefully separating toadstools and mushrooms in a parcel of these wild plants gathered near his home, Henry D. Hinman, who resided a short distance from Denton, had the mushrooms cooked and ate them for breakfast Monday morning. He was taken ill soon afterward, and, despite medical attention, died this morning.

It is supposed that a small fragment of a toadstool was overlooked by him among the mushrooms. Mr. Hinman had lately attained some proficiency as a mushroom expert and was proud of his knowledge. His son-in-law, Charles Grimm, of Philadelphia, an enthusiastic mushroom student, had advised him not to rely too much on his newly acquired knowledge.

Mr. Hinman was 73 years old and a former resident of Talbot county. He came originally from New York and was a Union veteran and pensioner. He leaves a widow, one son (Willard Hinman) and one daughter (Mrs. Grimm.)

HEAVY TRAVEL ON SOUTHERN R. W.

President's Report Shows Million and Quarter Increase.

DIRECTORS ELECTED.

Record of Year's Work Very Satisfactory to Stockholders—Many New Industries.

Richmond, Oct. 15.—Agricultural and industrial development in the territory it traverses, and marked increases in passenger traffic are given prominent place in the nineteenth annual report of President Finley, of the Southern Railway, as factors contributing to the good showing made by the financial statement for the fiscal year ending June 30, 1913.

The report was submitted yesterday at the annual meeting of the stockholders held in the company's principal office in this city. First Vice-President A. B. Andrews, of Raleigh, presided. The annual report for the fiscal year ending June 30, 1913, was approved and the following were elected directors of the third class for terms of three years: Geo. F. Baker, Jr., Adrian Iselin, Charles Lanier and Edmund D. Randolph.

Net operating revenues for the fiscal year were $20,255,566.65—an increase of $377,255.34 over the net operating revenues for the fiscal year preceding. Gross revenues increased over those of the preceding year $4,939,161.30. Operating expenses increased $4,577,687.16, of which increase 57.14 per cent. or more than one-half, was in maintenance of property; 32.28 per cent in transportation; 7.62 per cent in development of traffic, and 1.96 per cent in administration expenses. Approximately 37.68 per cent of the increase in the cost of transportation was due to higher wage schedules.

"The passenger traffic of the company," reports President Finley, "has shown a gratifying increase during the year the increase in revenues therefrom being $1,280,678.07. An important factor bringing this about is the geographical location of the system with reference to the currents of commercial travel and to the summer and winter resorts of the Southeast.

"Increasing numbers of conventions, reunions, religious assemblies and similar gatherings are being held at points on the company's lines, and in connection with the religious assemblies there is in progress a noteworthy development of community life in the summer resort regions in the mountainous territory served by the company, resulting in a substantial increase in travel over its lines."

President Finley reports optimistically upon the vast agricultural and industrial development in the nine Southeastern States traversed by the company's lines—the percentage of the increase being much higher than is shown for any other group of older States. He notes the wider diversification in farming and the increased attention to live stock.

The advantage of the territory along the company's lines for diversified manufacturing have led to continual development during the year," says Mr. Finley. "Special attention is being given to the location of industries which use as their raw materials the products of primary manufacturing and to attracting to the Southeast industries which have not heretofore been largely developed in that section."

WANT CENSORSHIP FOR PICTURE FILMS

State Conference of Charities and Corrections After Movies.

TAKE PEEP AT REELS.

Report to be Submitted at Next Meeting—Social Evil—To Meet at Newport News.

Richmond, Oct. 15.—The executive committee of the State Conference of Charities and Corrections, at a meeting last night directed the president to investigate the question of censoring moving picture films, as displayed in Virginia cities, and to report thereon at the next meeting. There was a general discussion of the matter, although it was decided to take no action until the committee is in possession of facts which may be able to guide its suggestions.

Newport News was selected as the place of the next meeting of the conference, the dates being December 7-9, inclusive. A committee consisting of Dr. J. T. Mastin, Dr. W. F. Drewry, Dr. J. W. Dixon and Dr. Douglas Freeman was appointed to make final program arrangements.

Resolutions were adopted, declaring it to be the sense of the executive committee of the State Conference of Charities and Corrections that social workers of the Commonwealth be urged to realize the value and importance of a unified plan for the suppression of the social evil. The resolutions recommend the general study of the question and co-operation among the cities, lest separate, hasty and ill-advised action may defeat the end in view. The resolutions caution the people of Virginia against precipitate action until the study suggested shall have led to the adoption of a general plan for the care of the class of people against whom any crusade is to be waged.

THE TRIAL OF MRS. EATON.

Suspected Woman Refuses to Accompany Jury to Family Home.

Plymouth, Mass., Oct. 15.—The twelve men who will try Mrs. Jennie Eaton on the charge of murdering her husband, Rear Admiral Joseph Eaton, by administration of poison, were taken to the Eaton home in Assinippi today.

Mrs. Eaton waived her right to accompany the jurors on their trip of inspection. The trial was in progress today and the defendant should be present, but she planned to remain in Plymouth.

When the twelve jurymen filed from the hotel in which their apartments have been boarded off, and appeared in court today, the indictment against Mrs. Eaton was read and the prosecution at once requested permission to take the jury over the ground which will be covered during the trial. This will probably mean that the taking of evidence in the court here will begin tomorrow.

PREPARING FOR BAZAAR.

Decorating of Armory For Next Week's Event Commenced.

Work was commenced yesterday by the ladies' committee having in charge the bazaar for the benefit of Alexandria Hospital, to decorate the armory for the big event which opens Monday. The walls and rafters are being covered with American flags and the entire building will be gay with bunting and colors.

The booths are being erected according to a well devised plan and the lighting effects will be excellent.

The ladies are working hard to make the bazaar a success and indications are that they will meet with hearty support from the people of the city.

Cardiff, Wales, Oct. 15.—Rescuers in the Universal colliery today got in touch with a group of twenty-nine living miners, whom they hope to save. The men were entombed in a far gallery where the explosion's deadly after-damp failed to pentrate. They told the rescuers that fifteen other men, in a nearly chamber, were believed to be dead.

MEXICAN SITUATION.

Anxiety Manifested in Official Circles Over Present Conditions.

Washington, Oct. 15.—High tension is felt in Administration circles over the situaton in Mexco.

With relations between this country and the turbulent republic already at the breaking point, officials here are making but feeble efforts to conceal the anxiety with which they are awaiting the reply to the note sent yesterday to Huerta warning him that the United States will not recognize as constitutional an election held under the conditions of military dictatorship now prevailing in the Mexican capital.

The drastic warning to Huerta poured oil on the fuel of Anti-American feeling in Mexico. The reply of Huerta, if couched in the impudent tones characteristic of previous communications from the provisional ruler, may strike a spark and inflame this feeling to such a heat as to cause serious outbreaks in Mexico City against Americans and other foreigners. If the Administration here again succeeds in steering clear of armed intervention, it will accomplish more than its more pessimistic frineds believe.

Secretary Bryan held a conference with the President today in which he went into the situation thoroughly. He did not, however, say what latest official dispatches contained.

Despite the fact that it is recognized that the siuation is more acute than it has been for some time, and that a single false step may precipitate intervention, Secretary Bryan will this evening leave for a political stumping tour in Iowa, remaining away from Washington until next Sunday.

MILITANT WOMEN CAUSE A SCENE

Leap Upon Royal Carriage on its Way to a Wedding.

GREAT EXCITEMENT.

Police Pull Suffragette From Carriage and Succeed in Saving Her From Angry Mob.

London, Oct. 15.—Suffragettes today attacked the carriage in which King George and Queen Mary were on their way to St. James Palace to attend the wedding of Prince Arthur of Connaught and the Duchess of Fife.

One woman, bolder than the rest, jumped on the step of the King's carriage and attempted to throw a petition into the vehicle. Police dragged her way and had difficulty in saving her from an angry mob.

"Give us votes for women," shouted the suffragette, as she clung to the moving carriage with one foot on the step.

She thrust the petition within the carriage, but a policeman grabbed her before she could drop it.

Other militants succeeded in throwing copies of the suffragette into the carriages in which the Queen Mother Alexandra and the Queen of Norway were riding.

A huge crowd followed the suffragette who attacked the King's carriage, as she was dragged to the nearest police station, and several attempts were made to mob her, but the police succeeded in driving off the hostile throng.

CAPT. INCH'S STATEMENT.

Commander of the Volturno Tells of Horrors of Latest Sea Disaster.

New York, Oct. 15. — Captain Francis Inch, whose steamer, the Volturno, was burned at sea with the loss of 136 lives, told his story of the disaster last night. It is a plain seaman's tale, but in it, line by line, the horrors of the disaster and the terrible ordeal through which passengers and crew passed are brought out all the more clearly, perhaps, because of the marked directness and simplicity with which the story is told.

From the beginning, where the outbreak of the fire which spelled the doom of the Volturno is recorded, the narrative runs with the apparent omission of any salient fact but one to the point where the blazing ship was abandoned, the last remaining passenger taken off and the captain and what was left of the crew boarded the waiting Kroonland. Captain Inch, however, does not say what caused the fire, reporting simply that the chief office advised him at 6:50 o'clock on the morning of October 9, of its existence below and that five minutes later the flames had burst through the forward hatches and were rapidly spreading.

Although all possible measures were at once taken to subdue the blaze, the captain's story shows that it was even then too late to save the watch below. The men were trapped in the forecastle and burned to death there, their fellow sailors helpless to aid them.

Then came the explosions, which wrecked part of the midship section of the steamer. The situation was plainly becoming desperate. The call for help by wireless had gone out as soon as the flames shot through the forward hatches, and the crew was doing its fighting best to stay the progress of the blaze until assistance should come.

Captain Inch describes the launching of the Volturno's boats and their fate, and records the arrival one by one of the rescue craft summoned by the wireless operators, who worked until 11 o'clock at night, when the flames had progressed so far that the magazine on the bridge, containing signal rockets and lights blew up, carrying away the aerial apparatus and compelling the wireless men to cease their efforts.

DRIVER IS FINED $10.

Trial in the Police Court Resulting From Accident to Elizabeth Boothe

G. W. Smallwood, the driver of Armour & Co.'s wagon which collided with a bicycle ridden by little Elizabeth Boothe, daughter of Mr. and Mrs. W.J. Boothe at corner of Royal and King streets on Monday afternoon, was fined $10 in the police court this morning for violating the traffic ordinance, in reference to turning corners.

All of the witnesses and the driver, himself, testified that Smallwood had made a turn around Creighton's corner on the wrong side of the street, instead of coming down on the south side and making a square turn.

Smallwood was represented by Judge C. E. Nicol, of this city, and Hon. Conrad Syme, formerly of this city, who was recently appointed corporation counsel of the District of Columbia.

Officer Young was the first witness, and said that when he arrived on the scene fifteen minutes after the accident, the wagon was standing near the west curb of Royal street, the horse's head facing Creighton's store.

Frederick Ayres testified that the little girl had just left his store and he watched her until she reached the bank corner. He then turned to some work and heard the child scream. She was then under the wagon, which was close to the curb on the west side of Royal street.

J. B. Carter, who picked up the little girl, said that the driver made a sharp cut from the front of Kaufmann's store to Creighton's corner without making any attempt to round the corner.

James W. Tripp, Henry Washington, James Waring and Albert Bryan, all eye-witnesses to the accident, made similar statements.

Smallwood testified that he had been driving for Armour and Co., for three weeks, that he did not know the traffic rules and had understood that all he had to do was to turn around a center stone in the middle of the street. He acknowledged that he had turned in the middle of the street crossing but that in attempting to stop his horse after he had struck the child he had thrown the wagon up against the west curb. All the witnesses testified that Smallwood had done all in his power to stop the horse after he had struck the little girl.

Justice Caton in summing up the case said that it was a very clear case that the ordinance had been violated and imposed a fine of $10.

The little girl who was injured, was somewhat better today, although the exact nature of her injuries will not be determined until tomorrow.

FEAST OF TABERNACLES

Festival Will Begin Tonight in the Washington Street Synagogue

The Jewish festival of Succoth or Feast of Tabernacles will be celebrated from tonight until next Thursday night. Services will be held in the synagogue in this city, at 7:30 o'clock tonight.

The festival lasts eight days, and is celebrated by Jews throughout the world. It was celebrated by the Jews when they lived in Palestine as an agricultural festival, and marked the close of the harvest and the beginning of the plowing and rainy season. It was a festival of rejoicing and merry-making when the servant was equal to the master and all united in praising and thanking God for His bountiful gifts. The Bible commanded that on this festival all the people should make a pilgrimage to the Temple at Jerusalem, and there, after offering sacrifices, should dwell in booths and tabernacles, hastily erected of wood and beautifully decorated with fruits and flowers to remind them both of the harvest season and how their ancestors had dwelt in booths in the wilderness. Many Jews still observe the latter custom, today. In some synagogues, too, a modernized form of the harvest festival is celebrated.

Some also celebrate a supplementary festival on the ninth day, called Rejoicing of the Law, because on that day the sacred scrolls of the Law of Moses are rolled back to the beginning of Genesis and are begun to be read anew. In many synagogues the scrolls are taken from the holy ark, in which they are kept and carried about in solemn procession.

TO SIMPLIFY CITY RULE.

Virginia Municipal League Discusses Municipal Government.

Roanoke, Va., Oct. 15.—The League of Virginia Municipalities began its annual convention yesterday with an address by William C. L. Taliaferro, city attorney of Hampton, Va., on "Commission Government and Necessary Legislation in Virginia."

Mr. Taliaferro submitted a city charter plan which was discussed and referred to a committee for consideration and report at today's session.

The afternoon was given over to committee work and to organizing the proposed Chamber of Commerce of Virginia. A plan was submitted by W. L. Shafer, Roanoke, to be used as a basis for organization. The delegates, representing a score of commercial organizations, went on record as heartily favoring the State chamber.

President M. C. Elliott, of Roanoke, named a committee of nine to perfect a plan of organization and report at the meeting in Richmond in November. This committee consists of Ernest Williams, Lynchburg, chairman; W. T. Shafer, Roanoke; R. A. Dunlop, Richmond; W. L. Martin, Petersburg; R. Ruxton, Newport News; Dr. J. Garnett King, Fredericksburg; Henry Roberts, Bristol; John H. Hall, Portsmouth, and Col. Wm. H. Sargeant, Jr., Norfolk.

A public meeting was held at night, with addresses by John B. Pinner, Suffolk, "on Suffolk Plan," and City Commissioner, R. Stuart Boyer, of Fredericksburg, on "Municipal Business Management as Administered Under Modified Commission Form of Government."

The convention will conclude today with round-table luncheon and local entertainment in afternoon.

Harper Rearrested.

Richmond, Va., Oct. 15.—Frank W. Harper, president of the Beaver Dam Distillery, who escaped from the city Monday morning thirty minutes before he was to have been placed on trial for alleged frauds against the government and who was arrested late Monday night in Clarksville, Mecklenburg county, arrived last night in the custody of a revenue officer. He was placed on trial before Judge Edmund Waddill today. He was at liberty under $1,500 bond.

The United States government yesterday informed Provisional President Victoriano Huerta that it looked with abhorrence and amazement upon his assumption of both executive and legislative powers in Mexico, and that in view of his course, could not regard as constitutional the elections planned for October 26. Two notes, the one strongly phrased and written by Secretary Bryan, inquiring about the safety of imprisoned members of the Mexican congress, and the other, drawn in forceful language by President Wilson himself, are said to constitute practically the last efforts of the Washington government to deal with the Huerta authorities by diplomatic means unless there is a decided change of spirit on the part of the officials in Mexico City.

SOUTHERN MAKES GOOD SHOWING.

A splendid showing is made by the Southern Railway in the annual report which was made public at the meeting in Richmond yesterday. Development of this great railway system has meant much to the development of the South and it is by means of the fine work commenced years ago by President Spencer and continued by President Finley that the company is able to report increased revenues.

President Finley calls special attention to the gratifying increases in the passenger earnings and points out the reasons for the showing. There is no doubt but that in the main his reasons for the increase are correct but President Finley fails to lay stress on one most important factor and that is that the Southern Railway has the best and most loyal corp of passenger representatives of any railway company in the United States. Their work for years has been one of the marvels of the railway world and no matter how other departments have suffered through hard times the passenger earnings have always shown gratifying increases. The gathering together of this remarkable force of men and their training in a spirit of love and loyalty to their company has been the life work of S. H. Hardwick, passenger traffic manager of the Southern Railway, who has always set before his subordinates an example of such intense devotion to the interests of his company that they have always been willing to follow in his steps.

MARKING OF HISTORICAL POINTS.

The announcement that the Colonial Dames of Alexandria are preparing to place a bronze memorial tablet on the City Hall, commemorating the events connected with the early history of Alexandria will be pleasing advice to those people who believe in keeping alive the memory of times when our country was young and who are proud of the part that Alexandria and her citizens took in Colonial and Revolutionary days.

In these days when material progress hurries us along from day to day without giving time for consideration of the real big things of life we are all prone to forget just what trials and tribulations our forefathers bore in bringing our country through the stirring times preceding the nineteenth century and anything that will call our attention to those events must do good. Then, of course, there is the practical side of the question, as a tablet such as will be erected will place valuable historical information in the way of the stranger within our gates.

We are unable to let this opportunity pass without again mentioning the neglect of our city fathers in failing to properly mark the streets of Alexandria. There is no public improvement that is so greatly needed, and the cost would amount to only a few hundred dollars. Yet council appropriates money for this purpose and that without caring to take action on the most important matter.

THE ROLLING STOCK FIGHT.

The Gazette has several times called attention to the fight soon to be made by some of the cities of the state to test the constitutionality of the act of the last legislature apportioning the taxes on the rolling stock of railways among the counties of the state traveled by the railways, allowing the cities, where the main offices of the roads are located 25 per cent of the taxes and the counties the balance. As has been stated Alexandria will lose about $3,000 per annum by the change in the method of taxation.

The Richmond News-Leader opposes the testing of the matter in the courts, although Richmond will be a big loser by the change. The News-Leader says:

"We might as well face the facts and make the best of them. The counties are determined to get a part of the revenue from rolling stock which is now assessed at the headquarters of the railroad companies. They feel that they are entitled to share in the taxes from this source and they contend that the cites have no just claim for the taxation of boxcars which may be scattered throughout a dozen counties.

"There may be two opinions on this subject but there can be only one opinion regarding the ability of the counties to do what they please. They have the votes, a vast majority of both houses, and if they choose to take this revenue from the cities, they can do so.

"At the last session of Assembly, it will be recalled, a compromse was effected whereby the cities heretofore receiving the tax on the rolling stock were to receive 25%, while the counties were to get the remaining 75%. This was a hard bargan, but it was the best that could be driven. Even this met with opposition from certain quarters and was at one time endangered.

"Now, unless we very much mistake human nature, the men who made that compromise on behalf of the countes will be in different frame of mind if they come back next January and find what they did has been upset at the instance of the other party to the agreement. They will be more than apt to argue that if the cities were not satisfied with the arrangement made in 1912, they need not expect any compromise. The result will probably be the passage of a rolling stock law which will be constitutional and which will deprive the cities of the 25 per cent they are to receive under the present act.

"We hate to see Richmond lose this revenue; we hate to see Roanoke suffer as heavily as it will; we could wish that Petersburg and all the other cities did not have this source of income taken from them. But we are firmly of opinion that a quarter-loaf is better than no bread.

"Let the bargain stand! It is a poor one but it is the best we can ever hope to make."

NO TRACE OF AVIATOR.

Aviators Fly Over Swamps in Hope of Finding Jewell.

New York, Oct. 15.—It appeared early today that Albert J. Jewell might be the first aviator simply to have vanished in the clouds, with all trace of him entirely lost. The young flyer, who was to have started in the race around Manhattan, has been missing for two days. A report that a wrecked aeroplane had been seen in the Hackensack river near Hoboken yesterday proved to be untrue.

Every effort will be made today to pick up some trace of Jewell. Tony Jannus and C. Murvin Wood were scheduled to fly over the swamps of Long Island in their aeroplanes in search of Jewell. It was realized that if Jewell fell and was injured he now would be near death from exposure and hunger, even though he suffered from nothing worse than a broken leg.

The fear that Jewell was blown out to sea is increasing. His wife is on the verge of complete collapse. The theory that he might have fallen into a bog and died of exhaustion while trying to get out has been advanced, but many believe that if he had fallen anywhere along the coast he would certainly have been seen.

STOMACH SUFFERERS

Mayr's Wonderful Stomach Remedy Is Recommended and Praised By Thousands Who Have Been Restored

"I was a sick man for about three months caused from Gall Stones of the Liver and was told by three of our most prominent physicians that I would have to submit to an operation to get relief, but heard of your Wonderful Stomach Remedy and secured a full treatment and took it according to directions and passed hundreds of Gall Stones. Since taking your medicine I work regularly and don't feel any ill effects. I am praising your Remedy to all my friends. I think it's worthy of the highest praise. B.L.DOOLEY, Roanoke, Va."

Sufferers of Stomach, Liver and Intestinal Ailments are not asked to take *Mayr's Wonderful Stomach Remedy* for weeks and months before they feel benefited. Just try one dose—which should make you feel better in health, convince you that you will soon be well and strong, free you from pain and suffering and give you a sound and healthy Stomach, as it has done in thousands of other cases. Wherever it is taken you will hear nothing but the highest praise. Go to your druggist—ask him about the great results it has been accomplishing in cases of people he knows—or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for a free book on Stomach Ailments, and many grateful letters from people who have been restored.

YOUR HAIR IS TURNING GREY AND IT MAKES YOU LOOK OLD

This is Not the Time When Old Age is to be Desired

TO KEEP POPULAR KEEP YOUR APPEARANCE OF YOUTH

A young man was surprised to have his application for a position "turned down." He was better equipped for the position than the fellow who got it. He discovered that his grey hairs did it. He was "too old" looking. It's the same everywhere. There is no doubt but that grey hair does make a man look old. There is no use waiting another minute—don't lose your position or fail in getting a better one because you are old looking—use Hay's Hair Health now.

Those who are using Hay's Hair Health recommend it to their friends, because it is genuinely good, always restores grey hair to its natural color; destroys dandruff, keeps the scalp clean and healthy. You begin to note the difference at once. The few grey hairs disappear and never return.

Why look old when you are young? Get a bottle of Hay's Hair Health at once, start using it and see what a difference a few applications make.

NEWS OF THE DAY.

Thomasville, Ga., police began yesterday a general search for the slayer of Miss Dorothy Haug, of Knoxville, Tenn. whose body was found in a boarding house Monday. Miss Haug,a graduate of the University of Tennessee, came to Thomasville Sunday to meet her mother. On Monday morning Mrs. Haug went to her daughter's room to awaken her. She found Miss Haug's body on the floor. A revolver nearby led the mother to believe the girl had committed suicide, but the theory of the police is that the girl fired at her assailant and wounded him. T. W. Duane was detained in connection with Miss Haug's mysterious death. He denied any knowledge of the tragedy.

Winter made a bold attempt to begin its annual activities around Boston, Mass., yesterday, considerably ahead of the calendar. Snow fell for the first time this season, accompanied by rain, hail and a high northeast wind. The storm caused some trouble to wire communication in New England.

A severe earthquake shock of more than a minute's duration was felt at 3 o'clock yesterday afternoon along Snake river, on the Idaho-Oregon line. The towns affected were Homestead, Oreg., and Ballards Landing, Landore, and Cuprum, Idaho. Telephone lines were put out of commission and reports are meager. Stoves and dishes were rocked out of place, windows broken, and some houses jarred out of plumb.

One of the governing bodies—the house of deputies—of the Protestant Episcopal Church of America voted yesterday at the triennial general convention of the church in New York to group the dioceses into provinces or synods, eight in number, after the custom that prevails in the Episcopal Church in England. To become effective this proposed legislation must receive the concurrence of the house of bishops.

Helpless and unable to realize their peril, Mrs. Rebecca Strauss, 60 years old, widow of Meyer Strauss and Miss Ida Yearley, aged 35, heiress of an estate worth more than $1100,000, both of Baltimore, were suffocated in a fire which broke out in Edgewood Sanitarium, Bellona avenue, Govans, shortly after 3 o'clock yesterday morning.

Arrested on the charge of poisoning two of her stepchildren, Mrs. Ellen W. West Etheridge, of Waco, Texas, broke down yesterday, and the police say, confessed she killed four of her husband's eight children by a former marriage and that she had intended to kill the remaining four. The only reason Mrs. Etheridge would give, for the crime was that Etheridge lavished his attention on his children and neglected her. She is the daughter of the Rev. Joe Walker, a Baptist minister.

Maj. M. M. Neeley, Democrat, of Fairmont, W. Va., yesterday was elected to fill the vacancy in the Fifth West Virginia Congressional district created by the resignation of John W. Davis, Democrat, who was appointed Solicitor General of the United States by President Wilson. Neeley's plurality over State Senator J. G. Hearne, Republican, was between 3,200 and 3,500. George A. Laughlin, Progressive, polled nearly 4,000 votes, Walter B. Hilton, Socialist, polled a surprising vote, aggregating more than 3,000. The vote was light, amounting to slightly over 33,000, or about 65 per cent of the normal.

DON'T EXPERIMENT.

You Will Make No Mistake If You Follow This Alexandria Citizen's Advce.

Never Neglect your kidneys.

If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are frequently symptoms of kidney trouble, and a remedy which is recommended for the kidneys should be taken in time.

Doan's Kidney Pills is a good remedy to use. No need to experiment. It has acted effectvely in many cases in Alexandria. Follow the advice of an Alexandria citizen.

Mrs. G. W. Davis, 107 Prince St., Alexandria, Va., says: "I owe my health to Doan's Kidney Pills. I have used them frequently during the past seven years and they have often brought me relief after everything else had failed. Doctors treated me for a long while and said my case was a severe one. I had undergone tortures from the complaint and often I was all worn out. When I had almost given up hope I took Doan's Kidney Pills. They have strengthened me and rid me of kidney trouble."

HELPLESS AS BABY

Down in Mind Unable to Work and What Helped Her.

Summit Point, W. Va.—Mrs. Amelie Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak a word in its favor. I wish I had some poor, very poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you.

Try Cardui. Your druggist sells it.
